

EUMASS Congress 2020

17 – 19 September 2020

Congress Center Basel, Switzerland

First Announcement

Welcome!

The Local Organizing Committee and the Scientific Board of EUMASS cordially invite you to attend the 2020 EUMASS Congress at the Congress Center Basel, Switzerland, scheduled for **17–19 September 2020**.

Science and practice in the field of insurance medicine – present and future challenges in the European and Swiss context

The congress will address – beside traditional issues such as sick leave certification, disability assessment, return to work and disability management – future challenges in the context of demographic changes, personalized medicine and artificial intelligence. The congress will share with the annual meeting of Swiss Insurance Medicine and the community of insurance medicine of Switzerland's neighbours Germany, Austria and France.

Main topics and keynote speakers:

Will be published on our webpage soon.

Target groups:

Insurance physicians, medical advisors and researchers are the main target groups. Other professionals involved in the field of insurance medicine and social security such as lawyers, case managers and other experts are also welcome.

Registration:

Registration will start in September 2019 through our website (www.eumass.2020.eu). Discounts will be available for early birds.

Abstract submission:

It is our pleasure to invite you to submit an abstract for oral or poster presentation, or for topical seminars. We strongly support the initiative for topical seminars and mini-symposia. Abstracts can be submitted from 1st September until 1st December 2019 through our website.

Venue and accommodation:

Basel has an international train station and airport. The Congress Center Basel is situated in the center of the City and is technologically on the newest level. There are many possibilities for accommodation and the CC Basel can be reached within 20 minutes with public transport even from neighboring villages in Germany and France.
